## 10<sup>th</sup> ANNUAL POWER AND ENERGY CONFERENCE AT ILLINOIS

The Power and Energy Systems group at the University of Illinois at Urbana-Champaign cordially invites you to attend and present at the 10<sup>th</sup> Power and Energy Conference at Illinois (**PECI**) which will be **held in the I-Hotel at the University of Illinois at Urbana-Champaign from 28<sup>th</sup> February to 1<sup>st</sup> March, 2019.**

The conference is organized by the IEEE Power Electronics Society / Industry Applications Society Joint Student Chapter at the University of Illinois each year. PECI 2019 assembles students pursuing energy-/electronics-related degrees and experts from industry and academia to engage in a forum for technical presentations and professional development.

Graduate student-organized and led, PECI fosters discourse broadly across the electric power and energy disciplines which include, but are not limited to:

- **Power Systems**
- **Power Electronics**
- **Electric Machines and Drives, Electro-mechanics**
- **Renewable Energy Technologies**
- **Energy Markets and Demand Response**

The University of Illinois at Urbana-Champaign is centrally located for IEEE Region 4 universities and major power and energy companies. However, PECI is not restricted to members from IEEE Region 4. Past attendees have come from local universities such as Wisconsin, Missouri S&T, and Purdue, and from universities around the globe. A large number of industry partners have also attended in the past, ranging from Ameren and Commonwealth Edison (ComEd) to Texas Instruments.

We will continue to offer the option to submit a poster for the poster session. While these will not get published on IEEE explorer, the potential to present a small research project and gain conference experience may also be beneficial.

The important dates are as follows:

<b>PAPERS</b>	<b>POSTERS</b>
September 17, 2018: Digest submissions open	September 17, 2018: Submissions open
November 02, 2018: Digest submissions close	November 23, 2018: Abstract submission
December 14, 2018: Notification	December 14, 2018: Notification
February 15, 2019: Author registration deadline	January 25, 2019: Full poster submission
February 22, 2019: full paper submission	

More detailed information regarding this conference is at <http://peci.ece.illinois.edu/> and the “Call for Papers” is also available for download at [http://peci.ece.illinois.edu/papers/PECI2019\\_Call4Papers.pdf](http://peci.ece.illinois.edu/papers/PECI2019_Call4Papers.pdf)

**Please consider the opportunity to submit and publish original scientific results to PECI 2019, and if you know of any individual or group who might benefit, we request that you pass this email and the attached flyer to them as well.** Should you have any concern or question, please do not hesitate to contact us.
