

## 4th Summer Academy on Energy - Registration is now open!

The IEEE Budapest University of Technology and Economics (BUTE) Joint IAS & PES Student Branch Chapter is proud to announce the **4th Summer Academy on Energy (SAE<sup>2</sup>)** which will be held **12-19 August 2018**. The participants can enjoy the amazing SAE atmosphere through lectures from professionals, power plant and site visits and exciting team tasks. The location is again in the heart of Middle-Europe, Budapest, Hungary. With various social events the attendees can also discover the beauty of the city.

The topic is going to be **energy storage**. Nowadays it is recognised as a key element in modern energy supply chain and in using renewable energy sources. We try to introduce this interesting topic to the participants from many aspects. You can visit the most recent and greatest energy storage projects in Hungary and meet professionals from the industry.

The Organizing Committee of SAE<sup>2</sup> is encouraging undergraduate, MSc and PhD students from fields of engineering, IT, economics, science and management from all over the world to apply for SAE<sup>2</sup>.

The registration for the Summer Academy is [now open](#), the registration fee is also available on the website. To apply fill in the [application form](#) and send us the required documents via e-mail to [application@eszk.org](mailto:application@eszk.org). Application deadline: **20th April 2018**.
