

The 4th IEEE Texas Power and Energy Conference (TPEC 2020) will be held on **February 6-7, 2020** in the Memorial Student Center at Texas A&M University, **College Station, Texas, USA**. This conference brings together participants from the industry and academia to present and discuss the latest technology developments and challenges in the power and energy industry.

The 2020 IEEE Texas Power and Energy Conference

Call for Papers

TOPICS

Papers and posters are invited on all topics related to electric power and energy engineering, especially for the paper topics with a focus from the following:

- **Power Systems**
- **Machines, Electromechanics, and Drives**
- **Cyber and Physical Security**
- **Power Electronics**
- **Renewable Energy and Smart Grid Technologies**
- **Energy Market and Demand Response**

Submitted papers should follow the IEEE format and may be up to 6 pages in length. Accepted papers presented by the author at the conference will be included in the TPEC 2020 proceedings submitted to the IEEEExplore® digital library.

* An accepted paper must be presented by the author at the conference to be submitted with the proceedings.

Key Dates

Papers & Posters

November 7, 2019

Full paper submission

December 12, 2019

Notice of acceptance

January 9, 2020

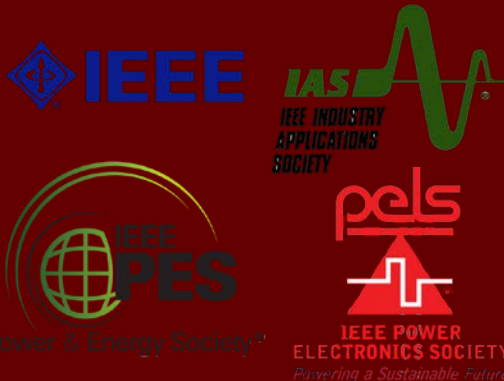

Final paper submission

TECHNICAL SPONSORS

TPEC 2020 is financially and technically co-sponsored by the IEEE Industry Applications Society and the IEEE PES- IAS-PELS student chapter at Texas A&M University, and technically co-sponsored by the IEEE Power and Energy Society, the IEEE Power Electronics Society.

IEEE INDUSTRY APPLICATIONS SOCIETY

All papers actually presented at this Conference are eligible for review by IEEE Industry Applications Society for possible publication in **IEEE Transactions on Industry Applications** or **IEEE Industry Applications Magazine**. It is the responsibility of authors to request a submission invitation from an IEEE-IAS Technical Committee, and may contact the Editor-in-Chief, IAS Transactions for assistance in identifying a suitable Committee. Further information on IEEE-IAS publications, and the obligations of authors, can be found in the Information for Authors on the IAS web site, <http://ias.ieee.org/publications.html>.
