

IAS CMD Tuesday Virtual Meeting Series

Electrical Machines: Lecture 2

Prof. Jose Antonino-Daviu

IAS Distinguished Lecturer/ Professor at Universitat Politècnica de València, Spain

- Topic: Induction motor condition monitoring via current analysis: classical methods (MCSA) vs. modern transient-based technologies (ATCSA)

Dr. Adil Usman

Research Associate at Indian Institute of Technology, Mandi, India

- Topic: Characteristic analysis of demagnetization faults in surface mounted permanent magnet type BLDC motors

15 September 2020, 10am (EDT)

Registration Link (Webex)
