

Call for Papers
2017 IEEE Industry Applications Annual Meeting
Cincinnati, OH, USA
October 1-5, 2017
<http://ias.ieee.org/2017annualmeeting.html>

The **2017 IEEE Industry Applications Society Annual Meeting** will address the technical interests related to industrial applications of electrical energy. Note that while the 2017 IAS Annual Meeting and the 2017 Energy Conversion Congress and Exposition will be collocated in Cincinnati, the technical programs at these conferences will be separate. Annual Meeting papers are solicited on subjects pertaining to the scope of the participating Technical Committees of the IEEE Industry Applications Society, as listed below. For **papers**, draft manuscripts (NOT abstracts or digests alone) should be submitted by e-mail to the individuals identified below. Proposals for **Tutorials** (which may range from 4 hours to 8 hours) should include a detailed outline as well as a list of presenters and their credentials.

<p>General Topics – papers relating to topics of general technical interest in the field of industrial applications and electrical energy not related to a specific technical committee should be sent to Dr. Georges Zissis.</p> <p style="text-align: right;">zissis@laplace.univ-tlse.fr</p>	<p>The Metal Industry Committee is soliciting papers relating to making, shaping, or treating of metals. Drafts of proposed papers should be sent to Prof Braz J. Cardoso Filho</p> <p style="text-align: right;">braz.cardoso@ieee.org</p>
<p>The Power System Engineering Committee is soliciting papers relating to electrical safety and to design, analysis, maintenance or monitoring of electrical generation or distribution systems in industrial, commercial or institutional facilities. Drafts of proposed papers should be sent to Mr. Sergio Panetta,</p> <p style="text-align: right;">spanetta@i-gard.com</p>	<p>The Industrial Lighting and Display Committee is soliciting papers relating to light sources and drivers, and display power supplies and more general in lighting system and display technology. Drafts of proposed papers should be sent to Technical Committee Program Chair Prof. J. Marcos Alonso:</p> <p style="text-align: right;">marcos@uniovi.es</p>
<p>The Industrial Automation and Control Committee is seeking papers that address the applications of electrical and electronic control devices, sensors, systems, and methods to the conversion, regulation and utilization of electricity for the control of industrial processes and manufacturing. Drafts of proposed papers should be submitted online at http://www.openconf.org/ias2015iacc. Any issues with the online system should be sent to to Dr. Babak Nahid-Mobarakeh</p> <p style="text-align: right;">babak.nahidmobarakeh@univ-lorraine.fr</p>	<p>The Electrostatic Processes Committee is seeking papers on topics related to fundamentals and industrial applications of electrostatics including but not limited to electrohydrodynamics, electrostatic measurements, computational electrostatics, electrostatic precipitation and separation, coronas and gas discharges, and ESD/EOS. Draft of the proposed manuscripts should be sent to the Technical Committee Program Chair Prof Masaaki Okubo</p> <p style="text-align: right;">mokubo@me.osakafu-u.ac.jp</p>
<p>The Power System Protection Committee is soliciting papers relating to the protection of power generation and distribution systems in industrial, commercial or institutional facilities, including both fault protection and surge protection. Drafts of proposed papers should be sent to Mr. Rob Hoerauf,</p> <p style="text-align: right;">robhoerauf@earthlink.net</p>	<p>The Energy Systems Committee is soliciting papers related to energy sources, energy management, system control and related issues in industrial, commercial or institutional facilities. Drafts of proposed papers should be sent to Dr. Wei-Jen Lee,</p> <p style="text-align: right;">wlee@uta.edu</p>
<p>The Codes and Standards Committee is soliciting papers related to electrical codes and standards governing the of the electrical infrastructure in industrial or commercial facilities. Drafts of proposed papers should be sent to: Mr. Marcelo Valdes</p> <p style="text-align: right;">marcelo.valdes@ge.com</p>	<p>The Mining Industry Committee is seeking papers related to electrical applications and operations in mines. Drafts of proposed papers should be sent to Dr. David C Mazur,</p> <p style="text-align: right;">dcmazur@ra.rockwell.com</p>
<p>The TUTORIAL program is seeking proposals for presentations on topics in the general technical area of industrial applications of electrical energy, please send outlines and presenter details to: Dr. Joe Sottile by 1 May 2017.</p> <p style="text-align: right;">jsottile@ieee.org</p>	

Authors' Deadlines:

- 1 April 2017: Submission of full drafts of proposed papers to the respective technical committee identified above.
- 1 June 2017: Notification of acceptance or rejection by the respective technical committees.
- 1 July 2017: Authors to receive instructions for submission of final conference manuscripts
- 31 July 2017: Deadline for submission of final conference manuscripts to ScholarOne Manuscripts

General Requirements:

Authors must submit a draft of the proposed paper for evaluation by the sponsoring Technical Committee. Abstracts or digests alone will not be considered. One author must be designated as the corresponding author, and an e-mail address must be provided for that person. All correspondence will be conducted via e-mail. Authors are responsible for assuring that e-mail sent to the corresponding author will NOT be blocked by a spam filter.

At least one author must register to attend the conference, and pay the full conference registration fee prior to submitting each final manuscript. IEEE student members, IEEE Life Members, and unemployed attendees must select a full conference registration to qualify to submit papers. Authors are limited to submitting no more than four (4) manuscripts against each full registration. Papers in the main technical program will be archived in IEEE Xplore. Papers that are scheduled for presentation but not actually presented will not be archived in Xplore.

Final manuscripts for the Conference Record will be submitted electronically via the IAS ScholarOne Manuscripts site. All papers will be scanned for plagiarism in CrossCheck. The submitting author must execute an IEEE Copyright Transfer at the time of manuscript submission.

- All papers sponsored for presentation by the Power System Engineering Power System Protection, Energy Systems, Codes and Standards, and Metals Industry and Mining Industry Committees will be reviewed for possible publication in IEEE Transactions on Industry Application or IEEE Industry Applications Magazine, and authors will receive feedback from this review following the 2017 IAS Annual Meeting
- Authors of papers sponsored for presentation by the Industrial Automation and Control , Electrostatic Processes, and Industrial Lighting and Display Committees may request that their paper(s) be reviewed for publication following presentation at the 2017 IAS Annual Meeting.

Not all IAS Technical Committees hold sessions at the IAS Annual Meeting every year. If a committee is not listed in this call for papers, you should contact the appropriate IAS Technical Committee or Department Chair for more information. The 2017 Energy Conversion Congress and Exposition will take place in Cincinnati at the same time as the IAS Annual Meeting, and there may be additional opportunities to present papers at ECCE.

Student Activities and Program:

Students are encouraged to participate in the Annual Meeting, and are welcome to submit papers for the Student Program being organized by the IAS Chapters and Membership Department. It is not necessary or expected that student presentations will be accompanied by formal manuscripts. Student papers are not included in the Annual Meeting Conference Record or archived in Xplore, and are not eligible for publication in IAS Transactions or IAS Magazine.

Zucker Travel Grants are available to provide financial support for selected students attending the Annual Meeting; for further information, visit <http://ias.ieee.org/chapters-membership/chapter-promotion-programs,-awards-and-contests.html>.
