Why Advertise?

IEEE Industry Applications Magazine readers are leading innovators who explore how technology drives industry and impacts modern society and business — both today and in the future.

IEEE Industry Applications Magazine covers the development, design, manufacture, and application of electrical systems, apparatus, devices, and controls.

About IEEE Industry Applications Society

Mission:

The IEEE Industry Applications Society (IAS) enables the advancement of theory and practice in the design, development, manufacturing, and application of safe, sustainable, reliable and smart electrical systems, equipment, and services.

Vision:

The IEEE Industry Applications Society will be a world leader in the advancement of science and technology linking theory and practice in the application of electrical and electronic systems for the benefit of humanity.

Values:

- The advancement of theory and practice of electrical and electronic engineering for the benefit of humanity.
- The promotion of safe, reliable, sustainable, and economical installations.
- The sharing of knowledge in our domains.
- The creation of engineering standards and recommended practices.
- The professional development of our global membership.

IEEE Industry Applications Society Online

- *IEEE IAS eNewsletter*
- Newly redesigned
- IEEE IAS members' preferred medium for Society updates
- Advertises paid and free technical content as a member resource

- IAS Online Resource Center
- Technical webinars
- IEEE Young Professionals webinars
- Paid technical content
- Content archive

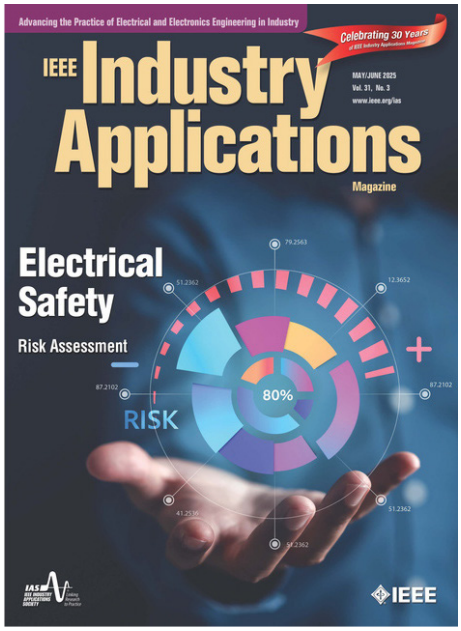
A Recent Survey Shows:

7 out of 10 IAS members access articles via the print magazine.	**Over half of IAS members** read between four and six issues per year.	**Over 35% of IAS members** read every issue.
Nearly 50% have been members for more than 10 years.		**Almost 45% of IAS members** are in their mid- or senior-level.

IEEE Industry Applications Magazine

Readership

IEEE Industry Applications Magazine publishes articles concerning technical subjects and professional activities that are within the scope of the electrical and electronics engineering industry, including:



- Emerging technologies
- Electrical history
- Industry standards
- Electrical workplace safety
- Technical learning
- Professional development
- Society awards
- Upcoming industry conferences
- Local chapter activity
- Reports of IAS activities

82%

of readers have 10+ years' experience in their profession

45%

of readers are in academia (students, university/ independent research)

59%

of readers are Engineers or are in Engineering Management

IEEE Industry Applications Society eNewsletter

Reach 14,000+ industry engineers every month!

The *IEEE Industry Applications Society eNewsletter* is delivered the last week of every month. We cover timely and newsworthy papers and articles from IEEE IAS journals, magazines, and conference proceedings. Subscribers look forward to technology and industry news, new standards, upcoming conferences, and committee volunteer opportunities.

Monthly, top-of-mind exposure to industry practitioners

- Market outreach to producers, consultants, and partner suppliers
- Users access content via the new IEEE mobile app
- Direct visitors to the landing page of your choice to facilitate qualified leads and the purchasing process
- Archives are accessible for unlimited online viewing

All advertisers will receive an invoice for the total amount, due upon activation.

Advertisements must be in JPG format (animation and Flash/SWF files are not accepted), and the total file size must not exceed 100 KB. Contract advertisers may change their ad artwork once a month at no additional cost.

Advertisers will receive campaign performance reports that detail monthly ad impressions and clickthroughs on an as-requested basis.

When renewing online ads, priority and first right-of-refusal will be given to advertisers who commit to 12 months. All other companies will be renewed on a first-come, first-served basis.

Bottom Leaderboard	$7,100	$3,875	$1,400

IEEE Industry Applications Magazine + eNewsletter Bundles

The IEEE Industry Applications Bundle is the best way to connect yourself to electrical and electronic engineering professionals!

The IAS is a source of professional power to its nearly 14,000 worldwide members. Through a network of more than 370 chapters globally, regional events, and national and international conferences, the society keeps members abreast of current technology developments in the areas of technology in electricity and electronics.

With the help of the *IEEE Industry Applications Society eNewsletter,* IAS provides news on recent and upcoming events relevant to members of the Industry Applications Society.
